

Step by Step Buyback Program

Thank you for your interest in our Buyback Program,

If you would like to submit an online buyback, here is what you need to know.

When selling books back, prices are based on supply and demand, therefore are subject to change. A quote received online may be different than that received at an on-site event. Where you receive the best quote is where you should sell your books.

For an online buyback, you will need to generate a quote for any course materials you wish to sell. The ISBN will be needed when submitting a quote online.

Simply visit your campuses www.bkstr.com book store book site. Click on the "Sell Now" icon located on the Buyback Banner or scroll down towards the bottom of the page, there is a link to click, "Cash For Books" directly under the heading Books.

You will then be prompted to enter the first ISBN of the item(s) you are looking to sell. If we are buying the book, you will receive a quote for that item. If you wish to sell the book, add it to your buyback list. Continue to search ISBNs for as many books as you have to sell.

When completed, click the Checkout button. You will need to log into your account to print a buyback label and packing list to enclose with the item(s) being sold. Pack the books securely and send the books to our warehouse using the pre-paid postage label generated with the quote.

Once your books are checked-in, we will process a check for your buyback. Once generated, checks can take from 2 - 14 business days to arrive via the mail.
